Justice Steel Given Six Months in Jail, Fined \$500.

COURT DENIES HIM NEW TRIAL. Bill of Exception to Be Filed, Defense Attorneys Asking Suspension of Sentence to Give Time for Preparation of Papers.

RICHMOND, VA., Sept. 12.—A bootlegging case of State-wide interest was tried at the Campbell County Circuit Court today before a crowded house, when W. H. Steel, a magistrate, was tried and found guilty of trafficking in ardent spirits during the years of 1919 and 1920.

The defendant was given the maximum penalty, six months in jail and fined \$500.

This is one of the several trials, or to be tried, among what is known as the Six-Mile cases, involving bootlegging, malicious shooting between a magistrate's peace and several bootleggers, and the killing of a man by the name of W. L. Johnson.

The feeling between the opposing sides was extremely tense, and there were frequent clashes between opposing counsel. The prosecution was conducted by Commonwealth's Attorney A. H. Light, assisted by Thomas Whitehead, a prohibition attorney, and the defense was represented by John H. Lee and Volney Howard, of Lynchburg.

The defense asked that the verdict be set aside as being contrary to the law and evidence. The court denied the motion, and the defense asked the court to suspend sentence until a bill of exceptions could be filed.

MEMORIAL PROPOSED TO MASON, AUTHOR OF VA. BILL OF RIGHTS

Prominent People Move to Do Belated Honor to Patriot, Described as "Greatest Political Philosopher the Western Hemisphere Ever Produced,"

[Special to The Times-Dispatch.] FREDERICKSBURG, VA., Sept. 12.—With the inauguration of a movement to have a memorial or statue erected by the government to George Mason, of Gunston, author of the bill of rights, statesman and greatest American, honor may at last be done to an American of the Revolution, who was held in his day one of the foremost leaders of the movement for freedom.

Mr. and Mrs. Louis Herte, owners of the Mason estate, at Gunston Hall, Fairfax County, not far from Mt. Vernon, are leaders in the movement. John T. Goodrich, of Fredericksburg, is equally interested. Congressman Moore, of Fairfax, also is interested in the movement, and it is probable that all the Virginia representatives will aid in getting the government to honor Mason.

The movement is new and no organization has been perfected, but one is rapidly being formed.

Mason was an active patriot, said by Justice Harlan, of the Supreme Court, to be "The greatest political philosopher the Western Hemisphere ever produced." His long period of neglect by America is due to his own refusal to take public office, write a biography, or otherwise advance himself into publicity.

He was a member of the Virginia Assembly, the Constitutional convention, wrote the Fairfax Resolves, and the Virginia Bill of Rights, was author of most of the ideas and many of the words of the Declaration of Independence, and would have presented that document in place of Jefferson had not his wife been sick.

It is proposed by the contemplated association to ask Congress to erect a memorial to him on the two hundredth anniversary of his birth in 1825.

Christian people have been aroused as never before. The Christian work of the community has been united and much inspiration has been gained by all the churches. The committees have worked faithfully and the choir, under the direction of Mr. Backmeyer and Miss Shaner, did excellent work. Dr. Lightbourne will return this week to Norfolk. Mr. Backmeyer will leave for the Middle West to fill engagements, and Miss Shaner will return to Madison Heights. As a farewell offering the people of Amherst presented to Dr. Lightbourne \$1,208.25. They also gave to Mr. Backmeyer and Miss Shaner tokens of appreciation.

AMHERST EXPERIENCES SPIRITUAL OUTPOURING. Religious Life of County Quickened, Result of Lightbourne Meetings.

[Special to The Times-Dispatch.] AMHERST, VA., Sept. 12.—The Lightbourne evangelistic campaign, which had been on at Amherst for three weeks, closed Sunday night when Dr. Lightbourne preached his farewell sermon to a congregation of at least 2,500 people.

The meetings have been unusually well attended throughout the campaign and Sunday large crowds were present at all three services, many from a distance, having brought lunch and remained at the tent all day. A great spiritual influence pervaded the atmosphere Sunday. At the 11 o'clock service Dr. Lightbourne preached on "Psalms and Destiny," and at the close of service there was a veritable outpouring of Pentecostal blessings, when more than 1,200 people arose from their seats and walked quietly down the aisle to give the minister their hands.

At the afternoon service Dr. Lightbourne spoke on "The Converted Fiddler," showing that just as it takes a master hand to bring out the best in this instrument, so it takes God's hand to bring out the best in man. At night the minister spoke from the text: "The wages of sin is death, but the gift of God is eternal life." At the close there were many conversions.

The revival has been successful from every standpoint and its influence has been felt throughout Amherst and Nelson Counties. The

PURE ASPIRIN DISTURBS DIGESTION. Its Perfected Form Includes a Digestant and a Laxative—It is Known as Tingle's Laxo Aspirin.

For years it has been a fact known to physicians and laymen alike, that aspirin is a most powerful dispeller of pain.

However, aspirin alone, no matter how pure, disturbs digestion and brings about discomfort. The question therefore has always arisen, was the loss of the pain worth the inevitable after-discomfort? This caused people to refrain from taking aspirin although they realized it would instantly relieve their suffering.

In order to perfect aspirin, scientists worked painstakingly for years.

At last the perfected aspirin tablet is offered to the public, a tablet that relieves pain and doesn't burden the stomach. It is not a narcotic nor habit-forming drug. It contains the pain combating power of 5 grains of genuine aspirin with two properties added. A simple well-known digestant and a gentle laxative as sure you a thorough scientific treatment.

—It's absorbed easily—it relieves pain quickly—it's a gentle laxative.

TRIAL OF PARSONS' CASE SET FOR SEPTEMBER 26

Wealthy Cape Charles Man Is Indicted on Murder Charge.

[Special to The Times-Dispatch.] CAPE CHARLES, VA., Sept. 12.—The grand jury, which convened at Eastville yesterday, found a true bill against Charles W. Parsons for the murder of George R. Lewis on the principal business street of this city on the night of August 16.

The court, which is now in session, set the case for trial for September 26. Attorneys made no objections for the date set.

Parsons, who has been confined in

Eastville jail since the shooting, is beginning to show signs of his confinement and the strain of the approaching trial. He has always been large and robust, but today he is white with but little color in his appearance, and the fight for his life at the approaching trial is very noticeably telling on him.
